**2021-2022 Season Outlook:** The Oregon State beavers are looking to make another push for nationals after their last two seasons were cut short due to COVID-19. The beavers have several players returning along with a talented group of incoming freshmen. Oregon State will have a difficult schedule ahead of them, but if all of the pieces fall into place, they have the potential to make some noise in the NCBA this year.

**Manager Quote:** We are excited to get back on the field and play some baseball this year. We have a lot of talented players and I am excited to see what this team can do. By practicing hard and playing together as a team we are capable of going back to nationals again.

**2021-2022 Season Outlook:** After a disappointing ending to the 2021 season where Oregon was three outs away from a chance to play in the World Series Championship, the Ducks are now looking ahead to 2022. They return a majority of their squad from last years run, plus a few more young bats and arms that can make an immediate impact. With only 10 games played last year, the Ducks are as eager as ever to get the season rolling, and they expect to find themselves back in the World Series spotlight.

**Manager Quote:** “We felt like we were the team to beat last year in Kansas but obviously things didn’t go our way. I think that underwhelming end to the season lit a fire under all of us, and now, we’re going to come out in 2022 with something to prove to the entire nation. When it’s all said and done, don’t be surprised if we’re the last team standing.”

## 2022 PREVIEW GUIDE

**Team Name: Utah State University**

**Mascot: Aggies**

**Location: Logan, UT**

**Captain(s)/Coach(s): Trey Crowther (President), Braden Rawlin (Vice-President), Jake Anderson (Head Coach), Anthony Peterson (Assistant Coach), Colton Draney (Assistant Coach)**

### **2020/2021 NCBA Season Performance:**

- 2020/2021 NCBA Season Record:
- Final Conference Ranking/Regional Tournament/World Series Results: **Conference: 0-0 / Regional Tournament: 0-2 / World Series: N/A**
- Notables: **Played against some tough Community College opponents for the majority of the 2021 regular season. A win against USU-Eastern at home was the highlight of the regular season. Boise State University also welcomed us to their campus where we had a great time playing on a great field against a tough Boise State squad. To finish the season we played against the University of Oregon, and Gonzaga University where we fought hard, but ultimately lost both of the games.**

### **Fall 2021 Performance (If Applicable)**

- 2021 Fall Record (NCBA Sanctioned Games Only): **N/A**
- Notables: **N/A**

**Number of Returning Players: 9**

**Returning Past All Region/NCBA All American Award Winners (Please list player names, specific accolades & years won): 0**

**Players to Watch: There are a number of players to watch this season but most notably from the returning players is Phil Zahn. Phil was our #4 hitter last year and looked even better in the fall, he has all of the right tools to make a big splash for our team this season. Wyatt Sorensen is also looking to solidify himself as one of the best to come through the program, as our starting shortstop the past two seasons and team leading batting average, Wyatt looks to anchor the defense and the offense throughout this season.**

**For returning players there is arguably more talent from a first year class than in the history of the program. With the graduation of last year's senior class there were significant holes to fill. But this incoming class brought all of the pieces to fill in those holes plus more. With added talent**

**to pitching, fielding, and hitting there is a large opportunity for multiple new additions to make a great entrance into the world of Club Baseball.**

**Biggest Rival: Weber State University**

**2021-2022 Season Outlook: The outlook for this season is sky high once again for the Aggies. We not only reloaded the team this year, but we added significant improvements to all aspects of our team. This team is young and is ready and willing to work to compete for another conference championship. The pitching staff has added additional arms to its arsenal and looks to be as competitive as ever and looks to keep our opponents run totals down to a minimum this season. Defensively this is arguably the most solid the team has looked. Key areas of weakness from last season were addressed, not just filled, but were upgraded. Offensively the team is looking to have a breakout, record setting season as there are multiple returning players, and multiple new players that have the talent to be some of the best offensive players in the country.**

**The goal for this season is to take things one game at a time. We do have hopes for another National Championship but in years past that mentality has sometimes clouded the task at hand. This teams main focus is to win every single inning of every game.**
