### Players to Watch:

Players to watch this season include all of the above award winning returners. We will especially focus on building our team around star pitcher Chase Brickley. Chase (3rd Team All-American) was seemingly unhittable last year. His growth on the mound for his sophomore year will be key for us as a team. Along with the returning award winners, power hitters Justin Swenson (inf) and Sonny Hiday (catcher) will look to lead us offensively. On the bump, Tyler Rogers will look to build off of his impressive season for us last year, solidifying himself as the number 2 starter.

**New additions:**

The Rams are welcoming 14 new players to their roster this season. Many of these new faces are 1st year students that will be tasked with building and growing the program in the years to come.

**Biggest Rival:**

**University of Colorado**

**Best Player Nickname: Gramps (Sonny Hiday)**

**2022-2023 Season Outlook:**

**The Rams look to improve off of last season's Covid rebuild. The talent on this team is strong enough to make it far in the NCBA playoffs. First, we will focus on competing with and beating the local JUCOs as well as the Arizona NAIA/JUCO teams. This Rams team will be fun to watch this season.**

**2022-2023 Season Outlook: We are excited to be returning a large majority of our team from last year including 3 veteran starting pitchers. Along with our returners we have a large number of very talented new comers. These new comers have already added a lot to our offense this fall. Finishing 8-4 while the losses were close games. This was shown vs Texas in The Wood War Tournament where we started our campaign off with a loud 10-0 win. Led by Evan Orloff who was 4-4 with 2 HR one of them being a grand slam followed by home runs from Kyle Davis and Parker Jones. Texas was silenced by a shut out performance by Matt Lopez, only allowing 2 hits in 5 innings. Another notable moment of the fall was the series sweep against K-State. After a disappointing performance last year we are excited on how we started this year but we are only looking to improve. Never settled.**

**Manager Quote: With the combination of our experienced returning players and electric freshman the Kansas Jayhawks are coming. Don't worry about the mules just load the wagon!! Rock Chalk!!**

**2022-2023 Season Outlook: We're looking to have another strong season this year to follow up our 2022 World Series run. We have a lot of key pieces that are returning and we're very excited about the freshman class that we brought in this year. We think there will be a handful of them who can make an impact immediately. We've been much more diligent in our preparation this year, preaching more discipline. We're giddy for the season to start, we're excited for our trip down to Dallas to play SMU. We expect to win the region and make it make to the World Series for the third year in a row. Winning the whole thing is always the goal; we've come up short the past two years, but we know we're capable of beating anyone. We're a confident and competitive team and we're ready to get after it.**
