Office: (412) 321-8440

2024 Season Outlook: We are returning 6 starters in the lineup as well as returning the 3 main bats off the bench from last season who will be big contributors in our starting lineup this season. We have also added a strong freshman class who will look to have a significant contribution with the bat as well. In addition to this, we return our 6 main pitchers from last season. We are then adding 3 very solid pitchers who will contribute significantly to our pitching staff. The combination of returning players and newcomers will make us a very tough team to compete against, and should give us a good chance to reach our goal of making the playoffs for the first time in three years.

Manager Quote: We are returning a very strong group of upperclassman as well as receiving a very strong incoming class of players. All of the players have been working extremely hard at reaching our goal of making the playoffs. In order to make this happen, we are striving to win every series, and we believe we have the roster to do so.

2024 Spring Season Outlook: Looking forward to our three conference series with Utah State, Weber State, and Univeristy of Utah, as well as Swing into Spring in Henderson, NV where we'll be playing several non-conference games.

Manager Quote: The future is bright with Cat's baseball! Under the leadership of our three returning seniors, the rest of the squad is made up entirely of sopohmores and freshman. Six sophomores started last year however, so they are game tested and will be ready. We have some pitching depth as well as some guys who can hit the ball. Playing consistently clean defense will be the key to our success this spring. Joe Hoy-Head Coach

2024 Season Outlook:

With the core of our lineup returning we are hoping to continue to put pressure on opposing pitchers and defenses. With several solid new additions we feel that we have added some key pieces to our team to be able to be competitive against every team in the country. Our goal, as every season, is to win a National Championship and we believe that we have the players to do that this season.

With very talented teams in our conference, and region, it is going to take tremendous skill, focus, game plans, and luck to reach the World Series again, let alone win a National Championship. But, we do believe that this team is just as talented, if not more talented, than the teams of the past two years. We are excited to get the spring season started!

Manager Quote:

"The talent in the NCBA continues to grow every season, so our goal this season is to not overlook any opponent, and to treat every game like it is a must win. If us coaches and the players can learn from the mistakes and shortcomings of last season I think this team has what it takes to beat some incredibly talented team in our conference, in the Northern Pacific Region, and at the NCBA World Series."
