**This group of individuals is truly amazing. We are extremely talented up and down the roster, but what separates this group from other Penn State teams is just how close this team is. Playing club baseball here at Penn State is a big commitment, and it is great to have a team who enjoys doing it together and playing baseball on Saturdays. I give credit to all of our upperclassmen, as demonstrate that this club is truly a program, and guide the underclassmen to understand what this club stands for.**

**2026 Spring Season Outlook: Tough upcoming in-conference series with Penn State, Delaware, and St. Joe's**

**Manager Quote: "After back-to-back appearances in the D2 National Championship game, we've earned our way to Division 1 to compete in a tough North Atlantic Region. We return 20 players from last year, with 11 of those returners being 2024 National Champions, so we certainly have enough experience to guide us through the biggest of games. Our overall talent level continues to rise every year, and the 11 new players that we added for 2026 have truly raised the bar. We got off to the exact start that we wanted in the Fall, currently sitting at 8-0 overall but more importantly averaging over 10 runs scored per game. We're really excited to play our Spring schedule and fully expect to make another run to Alton in 2026!"**
