## Disciplinary Action

June 29th, 2026

The following ruling is tied to the incident that took place on May 9th during the University of Colorado & University of Nebraska Playoff game played during the Mid America Regional in Lincoln, NE.

After reviewing all the information & video provided to the league, the NCBA has suspended the following players for their participation in the on-field altercation.

- **University of Nebraska #11:**  
Suspended 3 games for making physical contact with an opponent.
- **University of Colorado #2:**  
Suspended 1 game for his role instigating & provoking the altercation. Bench Jockeying (including but not limited to Chirping, Trash Talking, Razing, and Verbal Abuse) is not permitted during NCBA Sanctioned Games.

**The NCBA has worked exceptionally hard to raise both the level of play as well as the public persona regarding the validity of collegiate club baseball. When the NCBA first started in 2000, the term “club” was often confused with the term “intramural” which brought about public images of “pickup” or “sandlot” baseball. Thus the NCBA expects its member teams & participants to conduct themselves with a minimal level of common sense which protects the integrity and image of the NCBA & the game of baseball itself.**

**The NCBA is proud of the fact that we are able to facilitate the opportunity for college students to play competitive baseball while also being proud of the growth in reputation that collegiate club baseball has achieved since the NCBA’s inception. We continue to see NCBA alumni move onto the NCAA & professional ranks not only as players, but as coaches & administrators.**

**Individuals & teams, whose conduct damages the fragile reputation of the NCBA & club baseball as a sport, must understand the big picture impact they have on not just themselves, but the opportunities of the thousands of NCBA players across the country.**
